RPB produced a small quantity of M10 closed bolt semi pistols in the early 1980's. During the famed liquidation auction in 1982, the rights and tooling for the closed bolt MAC were sold to MAC sales. MAC sales manufactured and sold MAC closed bolt pistols until 1994. The owners of these "Stephensville Texas MAC's" and early RPB M10 CB MAC's have been unable to find replacement parts and accessories *until now!*
